RISE PASS PROGRAM

The RISE Pass Program is a positive recognition program used to encourage all types of positive behaviours at Hope Secondary School. These behaviours might include:

- good achievement or good effort in any subject area
- any positive or encouraging action by a student which contributes to making the school more pleasant and productive
- any positive comments
- any encouraging act or comment

Teachers, support staff, adult supervisors, hallway supervisors are all able to issue passes to students. Students are also able to nominate other students for RISE Passes by reporting good deeds to one of the previous.

Students who receive RISE passes put them in the RISE Pass container in the general office. At the end of every month three passes are drawn and the winners receive cash prizes and RISE Pass T-shirts.
